JAVA IS, WITHOUT A DOUBT, THE MOST VALUABLE PROGRAMMING LANGUAGE TO LEARN FIRST.

Google, Youtube, Facebook, Wikipedia, Pinterest, Word Press, Twitter, LinkedIn, Amazon, Ebay, Tumbler and Reddit are all written in Java. Java's prevalence, combined with the fact it is open source, confirm it's current and future position as the world's leading language.

CLASSES: Thursday, April 27:

- Intro to HTML / CSS (Javascript)
- Intro to .NET/C#
